In a mixed community like this. where only a small-section of the population look upon the first day of the week as sacred, it would be religious tyranny to impose the views of the small minority on the vast majority and to deprive the Chinese coolie of the opportunity of earning his rice on one day in seven for reasons which to him would be altogether inexplicable. It might be contended that even if the Sabbath keepers werein amajority they would have no right to Mauritine the Imperieuse went to Christmas unnecessary to enter into that branch of the subject, because the contrary is the actual state of the case.
